

BOXWOOD LINE

A Creative Home Furnishings Design

Our contemporary handcrafted Boxwood Furniture Line is exclusively created by us to fit your home. Craftsman built in solid Western Maple and hand finished, this furniture is Made to Last.

The strong clean lines of the Boxwood design are enhanced by the 5/4" thick solid wood tops, substantial posts, and brushed nickel hardware. Additionally there is a selection of stains to ensure that pieces suit your decor. Reflective of the superior construction of this line, all drawers are made from solid wood with dovetail joints and full extension glides that enable the drawer to completely extend out.

To ensure that this collection meets your needs Boxwood is available in a wide range of both 'Condo' and regular sizes for your every room. For example we have over 30 different standard sizes and configurations for our Boxwood Dining Table.

And to provide a perfect fit for you . . .

Customize to your heart's content

All our furniture is Made to Order just for You, so we are able to tailor the Boxwood Line to fit your needs. Some examples of what You can customize:

- Dimensions to fit your space
- Configuration of drawers and shelving
- Choice of:
 - Solid doors (3 styles) or glass panels
 - Hardware
 - Stain colour
- Add cabling or ventilation cutouts in units
- Even make design modifications!

The Environment

100 mile diet for your home

We maintain a smaller carbon footprint by ensuring that our production is based in BC.

In addition, to keep your home healthier, we use low VOC adhesives, stain and lacquer. The benefits:

- Fewer toxins in your home
- Harder finish, so more scuff and scratch resistant
- Richer finish compared to regular products

Condo Sized

The objective of 'Condo' furniture is to have impact with smaller scale, and to do it with style. The compact sizing allows you to maximize your floor space. An example of this is our Boxwood Condo plasma stand which at 15" deep, is 5" smaller than our full size version.

Some features of the Condo Line:

Multi-Functional & Space Efficient Storage

- Smaller dining tables which can expand
- Beds designed with built-in drawers
- Wall mounted nightstands
- Full extension glide drawers

Contemporary Style

- Simplicity of design with clean lines
- Low profile to minimize visual clutter
- Sleek hardware

Furniture made to fit your home
